

BRINGING CHRISTMAS TO HAZELTON CCPOA- CHCF CHAPTER HOLIDAY CHARITY EVENT

CCPOA- CHCF Made the Hazelton Elementary Students' Wishes Come True!

California Correctional Peace Officers Association (CCPOA) and California Health Care Facility (CHCF) came together to make Christmas a little merrier for students at Hazelton Elementary School during their 2015 Holiday Charity Event.

The students at Hazelton Elementary School were selected by CCPOA-CHCF due to the challenges they face coming from lower income households and a large portion of these students have special needs. CCPOA- CHCF adopted 184 students from the school and sent the chief deputy warden, lieutenants, sergeants, correctional officers, and medical staff to hand out the 187 donated Christmas gifts to the children. In addition, the newly activated unit, Commission on Peace Officer Standards and Training (CPOST) staff also participated in the event and donated gifts to the children.

Giving back to the community is a priority for the CCPOA- CHCF and they are planning on continuing this tradition of gift giving during the holidays in the future. The CPOST staff was honored to be a part of this event and are actively seeking out additional opportunities to give back to the community not only during the holidays, but throughout the year. This event was a success and brought joy and good cheer to children who are less fortunate.

Hazelton Elementary School

535 W Jefferson Street

Stockton, CA 95206
