

SAFETY AND SECURITY STANDARD CC004

AUTHORITY

California Penal Code 13601(a)(1): The CPOST shall develop, approve, and monitor standards for the selection and training of state correctional peace officer apprentices.

BACKGROUND

Under the provisions of Penal Code Section 832, successful completion of a training course in laws of arrest, search and seizure, and in firearms and chemical agents is a requirement for permanent status as a Peace Officer working in the classification of a Correctional Counselor I (CCI). As CCIs are expected to perform peace officer duties as needed which include assisting custodial staff during emergency situations as well as maintaining order when necessary, it is essential they receive initial and on-going training in emergency response procedures and custodial equipment they are authorized to carry.

STANDARD

CC I's will receive initial and annual training in emergency response procedures. They will be trained and qualified on custodial equipment they have been authorized to use as well as completing annual refresher and qualification training in those subjects.

COMPONENTS OF STANDARD

In the course of their duties, CC I's are required to respond to emergencies or disturbances occurring within their facility. While on duty, CC I's shall be required to use mandated safety equipment subject to local operational procedures, which may include a form of less lethal force (pepper spray and/or expandable baton). At times, CC I's may be utilized as a secondary response team to assist in the restraint, escorting and searching of inmates. CC I's shall be able to respond effectively to emergency situations.
